DOMINICK PROJECT MANAGEMENT

June 15, 2009

Mr. Brad Westphall
Westphall Remodeling
San Antonio, TX

RE: Job Well Done

Dear Brad:

Becky and I wanted to express our appreciation for the design and construction services Westphall Remodeling provided for our entertainment pavilion. We are enjoying this addition that perfectly complements the design and year round use of our new custom lake home.

The project turned out just like you said it would, on time on budget and with no surprises. Just as important to us, it was done safely with daily attention to clean-up/housekeeping. Non-residential project management is what I do and I rarely see projects delivered as planned, but you nailed this one!

I have recommended that my colleague, Chad Matthews, contact you to discuss building his river front home.

Sincerely,

Leon & Becky Dominick
